

## **Herts Catering (HCL) School Dinners**

### **Special Dietary Requirements**

Our school meals are prepared by Herts Catering Ltd, who strive to ensure that all pupils are able to access them. Where there are special medical requirements, please do speak to HCL and they will be able to consider ways in which we can help.

All children who currently have a special Medical, or a Cultural or Religious menu preference/option, must register. Please note that when registering for a Medical Menu, you will be asked to upload evidence from a medical professional and your child's photograph. No application can be processed without this evidence. This ensures that special menus are provided for those who really need it and not to accommodate personal preferences. A photograph will also be required when applying for a Cultural and Religious Menu.
